There was a mother tiger and her small tiger cub. They lived near a river in a shady jungle. When the sky was dark, the mother tiger hunted for deer and pig. The tiger cub stayed close by his mother's side. When the Langur monkey saw her, he called a loud, harsh call: "Watch out! A tiger is coming!" The sambhar deer bellowed, the kakar deer barked, and sometimes the game got away. She hunted then for jungle fowl, for pheasant and for frog, or went to the river for fish. But she did not hunt every night. If the moon was bright, the mother tiger lay down and waited for the dawn. She twitched the tip of her tail, and the tiger cub pounced on her tail again and again.
